## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### Welcome to Skirfare Barn, Kilnsey

The post code for SAT NAV users is Skirfare Barn, Kilnsey BD23 5PT. Google map with directions - <https://goo.gl/maps/FijcgPL8GNq>

Thank you for choosing to stay at Skirfare Barn. We hope you have a wonderful holiday. We have put this welcome pack together to help you make the most of your stay in our bunkhouse in the beautiful village of Kilnsey in Upper Wharfedale in the heart of the Yorkshire Dales National Park.

Surrounded by the beautiful limestone scenery this picturesque traditional stone barn, sleeping up to 20 people, has been sensitively converted by local craftsmen to provide convenient, flexible and comfortable group accommodation in a peaceful and private rural setting.

Located in its own one acre grounds, complete with garden toys, outdoor seating, a large outdoor BBQ, it's the perfect venue in an outstanding setting.

It is important to respect and abide by the Conditions of Hire and Tidy-Up bond, full details of which have been emailed to you and can also be found at the back of this welcome pack, in order to keep our preparation for our next guests to a minimum. Put simply, please leave the barn as you found it.

We do understand that accidents can happen so please let us know if you damage anything so we can take appropriate action. We would not normally charge for minor breakages, but at our discretion, we may invoice for repair or making good if the damage or breakage is significant.

Whilst the barn is detached and in an open space, we ask that you consider occupants of the other properties nearby by keeping noise to reasonable levels.

Should you need to contact us for anything, please call us on 01756 636 350, or email [info@skirfarebarn.com](mailto:info@skirfarebarn.com)

Please let us know if you think we have missed anything from this welcome pack, the content of which is correct as of May 2021.

### Parking at Skirfare Barn

We can accommodate a maximum of 8 cars within the barn grounds. Additional parking is available in the layby on the road, in front of Wharfedale Lodge.

### Arrival - Door Entry Access Code

All you need to enter the barn is your **access code**. This will have been supplied to your group booking leader by email and is unique to your reservation. This code will only work when entered on the key pad on the front door from the start time of your stay with us. Typically, this will be 4pm, unless you have agreed otherwise.

We recommend that you follow the instructions in the window by the front door to change the code provided to something more memorable. The code will last for the duration of your visit until your exit time.

To lock the door from the inside, simply press the "lock" button at the top of the interior handle. This will lock the door externally, whilst still allowing you to exit if needed. Please do not let your kids "play" with this button.

To lock the front door on exit, use your code in the same way.

### Departure

On your departure day, please remember that your group must fully vacate the barn and car park by 10.30am, unless agreed otherwise. Your access code will not work after this time.

This allows us a limited time to prepare the barn for our next guests, usually the same day. We therefore, politely remind you that in accordance with the conditions of hire you have agreed to, you are likely to be charged £35 per hour if this request is ignored.

Prior to your departure, please remove your bed sheets and pillowcases from any used beds and place inside the green laundry basket in the foyer. Please leave mattress and pillowcase protectors on. Switch off all lights, close all windows, empty all the bins and put the rubbish out and remember to abide by the Conditions of Hire and Tidy-Up bond.

## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### Inside Skirfare Barn

The bunk barn accommodation consists of a spacious stone flagged entrance hall, a cosy, oak beamed sitting/dining room with exposed stone walls, a new fully fitted kitchen area with modern appliances, separate Ladies and Mens washrooms with toilets (5 total) and 3 individual showers, a drying/cloak room and 5 bedrooms sleeping a total of 20 people.

### The Common Room

With oak beamed ceiling, the common room contains a huge 15+ seater sofa with large cushions to relax in, additional individual chairs provide total seating for 20 and a coffee table, a large, wall mounted flat screen TV/DVD with Freeview TV with assorted DVDs and a large wall mounted whiteboard for planning your activities etc.

The large custom built oak dining table comfortably seats all 20 guests without having to worry about table legs getting in the way.

### The Kitchen

The modern kitchen is fully stocked with utensils, crockery, pots and pans etc for 20 people boasting two electric cookers with 8 hobs, 2 ovens and grills, microwave oven, 2 x slow-cookers, two toasters, large kettle, dishwasher, fridge and large fridge/freezer.

The hot water is on most of the time but goes off in the middle of the day.

The water can become **very hot** so please be careful.

If the kitchen sinks become blocked there is a red plunger in the right hand sink cupboard, please **do not** press down too hard in the sinks.

For a full list of kitchen equipment, please see page 11 of this welcome pack.

Post your photos and like us on: [www.facebook.com/skirfarebarn](http://www.facebook.com/skirfarebarn)

## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### The Bedrooms

The 5 bedrooms are all downstairs, sleeping a total of 20 people consisting of: 2 twin bedded rooms, plus 2 bunk rooms sleeping 4 people and a bunk room sleeping 8. All bedrooms provide a bed with a clean pillow, pillow case and fitted sheet. Please bring your own sleeping bag or quilts and covers (spare blankets are provided).

The large "Superman" room has a large, wall mounted flat screen TV with Freeview, DVD and connections for a Games Console. This is the only bedroom with electric sockets. Please note that this room is not lockable as it is a fire exit.

### The Bathrooms

There are three bathrooms, one communal with a shower, toilet and sink downstairs and separate Ladies and Mens' washrooms upstairs, each with a shower, two sinks and two toilets.

Please ensure that the **shower curtains remain inside the shower trays** at all times. This will prevent flooding inside the building.

Please **do not** put nappies, sanitary wear, wet/baby wipes, etc down the toilet bowls. These items will block the system leaving you with toilet back-up and no facilities.

So please only flush toilet paper. Anything else, please use the bins provided.

There is a black plunger in the men's bathroom if the toilet bowls become blocked.

The showers draw hot water from a tank in the loft. The tank is fed by the central heating boiler which is on most of the day.

The tank has limited capacity and will only supply hot water for a few showers at a time. If the showers run cold, please wait for 20 minutes for the water to heat up again. The hot water is on most of the time but goes off in the middle of the day, so showers will run cold between 10.30am and 4pm.

The water can become **very hot** so please be careful.

### The Drying Room

This room provides coat hooks and boot drying racks, whilst also doubling up as a cleaning equipment room. Please hang your wet coats. Trousers etc on the hooks provided and rinse off muddy boots using the tap outside before placing your boots on the boot drying racks.

There is a dehumidifier in this room which will help to dry out your gear. It is on a timer. Please **do not** tamper with it. In addition there is an extra fridge/freezer.

### Heating

The central heating system is set so that the whole barn is warm and comfortable for you in the mornings, later afternoons and evenings. The Common room and bathrooms should be pleasantly warm, the bedrooms and hallway comfortable. The system turns off at 10.15am and back on at 4pm, then off again at 11pm. The times vary a little between summer and winter. The thermostats are set to provide heating levels in accordance with Government guidelines. Please appreciate that due to the construction and location of the barn it is impossible to keep it as warm as you may be used to at home. Full time winter heating supplements £35 per day.

There are supplementary electric heaters in the common room, foyer and the large bedroom operated by a coin system in the "Superman room" by the window.

### Water Pressure

Our filtered water comes directly from a local natural spring and pressure can become low on occasion (usually after heavy rain/frost), meaning our water tank becomes slow to fill. Typically you will notice this after using a high volume of water through showering, washing up, etc. If this happens during your stay, or the water flow stops completely, please ensure you close all taps (**this is critical**) and allow enough time for the pressure to build again - approximately 20 minutes.

Post your photos and like us on: [www.facebook.com/skirfarebarn](http://www.facebook.com/skirfarebarn)

## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### Televisions and DVD Players

These work in the normal way, though the signal is weak this far into the Yorkshire Dales. There is a DVD player built into the common room TV, on the right hand side and operates from the same remote.

The TV in the "Superman room" has a stand alone DVD player attached and connections for a Games Console.

Please **do not** attempt to move any TV. **Please note** - lost/broken remotes will be charged for and taken from your bond. Five were somehow "lost" last year and cost £35 each to replace.

### Electric Sockets

You will soon notice that there aren't many! The Common room has plenty, but all bedrooms other than the "Superman room" have no electric sockets.

If you have electrical outages try the fuse box in the large bedroom above the window and reset the fuse switch if it has tripped.

### Internet Access

We have fast business wireless broadband installed; enough for several people at any time plus Netflix etc.

The Wi-fi network is **Skirfare\_Bride\_Barn** and the password: **yorkshire\_is\_awesome**. But why not look out the window to see something far more interesting? Even better go outside and enjoy this part of the wonderful Yorkshire Dales!

### Dogs on site

You are welcome to bring well behaved dogs at £15 per dog if paid for when booking your reservation.

Dogs found on site without pre-payment and any evidence of dog hairs or paw marks found on any of the furniture or beds, will be charged for at a cost of £35 per animal to cover the cost of additional cleaning.

## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### Rubbish

There is a big black bin on the left as you enter the kitchen from the Common room. Further bins can be found in the bathrooms.

Please ensure that all rubbish is removed from the barn before you leave at the end of your stay.

The big metal bin, located at the top of the drive, just beyond the gate is for general rubbish and emptied every Thursday morning.

The smaller, green wheelie bin next to it is for recycling and emptied alternate Friday mornings.

We are charged by the council if the items are not separated, so please make sure plastic, metal and glass are in the recycling bin only.

Please leave the bins at the top of the drive.

### Security

Upon every exit, please turn off all lights, including the external porch and check the bathrooms lights are switched off.

Please close all windows and fully lock the door with your access code.

### CCTV

The barn has a CCTV recording system installed externally and internal communal areas only for security and insurance purposes only as the property is empty when not let to guests.

The cameras are recorded on site only, and are not accessible unless on site and are only viewed by the owners should property damage need to be verified.

We do not have any specific policy regarding the cctv and all guests are welcome to come prior to their booking to view the property and create their own risk assessments.

## Skirfare Barn Welcome Park Yorkshire's premier group accommodation venue

### Fire Precaution

The barn has a professionally fitted and serviced smoke and heat detection system and the alarm is automatic. The alarm is in the foyer on the wall to the right of the stairs as you enter the building. This should not be touched during normal operation.

There is potential for false alarms. If the alarm sounds and if you are certain that no fire exists, then you will need to reset the alarm by following the instructions next to the system. There are two fire extinguishers in the foyer at the bottom of the stairs, one at the top of the stairs by the door to the common room and one as you enter the kitchen, where there is also a fire blanket on the shelf next to the window.

You should **appoint a person** to be responsible for all fire issues at the start of your stay at the barn and familiarise yourselves with all fire safety related equipment, and evacuation procedure notices which are located throughout the building.

### First Aid Box

You will find the First Aid Box and Accident Report Book on top of the cupboard next to the fridge freezer in the kitchen. Please let us know if you need to use any of the supplies so that we can replace these for future guests. Please make entries into the report book as necessary.

### Outside Areas

Outside there are spacious well maintained private gardens with wonderful views of the surrounding countryside. There are two large picnic benches and a number of free standing chairs, a toy box on the patio containing a selection of outdoor games and a large masonry barbecue. Charcoal and briquettes (not provided) can be bought from SPAR a few miles down the road in Threshfield. Please **clean the BBQ** out fully after you have used it, on all surfaces inside and out including the grill. Failure to clean will result in a charge as per the booking conditions of hire and tidy-up bond.

A large secure storage container is installed in the car park area for safe storage of cycles and any other equipment you may have. Please ask for the combination code.

Please **do not** climb, run or sit on any walls/fences or enter the septic tank area.

### Snow Conditions

If snow or ice is forecast we highly recommend that you consider parking your vehicles in the road layby 50 yards to the left of the driveway entrance, above our neighbours barn - Wharfedale Lodge.

A snow shovel, and rock salt is available for use and is stored in a yellow bin next to the green secure container in the carpark.

### Recommended items to bring

In addition to the obvious sleeping bag/duvets, towels, food and drink, we would suggest you bring, or arrange a supermarket delivery, the following;

Condiments - sauces, butter, cooking oils, additional tea-towels (we provide six on site); cleaning cloths (we provide washing up sponges and brushes); washing up liquid and surface cleaners; bin-bags for all waste; dishwasher tablets (we provide 2 per day), toilet rolls especially if staying for longer periods (we provide 2 per stall); and BBQ fuel and cleaning materials.

In addition, you may wish to consider toys for children and DVD's to watch, though a small selection of both are provided on site.

Sleeping bags are available to purchase, whilst duvets and thermos flasks can also be hired for a small fee upon request.

We also have a number of extras that you can purchase to enhance your stay with us, including breakfast packs, slow cooked meals, lunchtime platters, casks of locally brewed real ales complete with hand pump, baggage transfer and minibus hire; details of which can be found on our website: [www.skirfarebarn.com](http://www.skirfarebarn.com)

### Your Obligations

The Conditions of Hire and Tidy-Up Bond, plus arrival and departure notices outlined at the back of this pack explain what is required of you during your stay at the barn. Put simply, please treat our property with the respect you would afford your own homes.

### Other Pubs & Restaurants in Upper Wharfedale & Liddale

We are blessed to have some of the best pubs in the country on our doorstep with more than 20 typical Dales hostelries within 20 minutes drive and under 3 hours walk from Skirfare Barn.

### Liddale Pubs

The **Falcon Inn** (the original "Woolpack" in Emmerdale) is just three miles away in Arncliffe, with the **Queen's Arms** a further two miles up the road.

### Wharfedale Pubs

In addition to the Tennant Arms in Kilnsey, Kettlewell, just two over two miles to the north, boasts three pubs (The Blue Bell Inn, the King's Head and The Racehorses Hotel), the Fox & Hounds at Starbotton and the Buck Inn at Buckden are an additional two and four miles up the road respectively, whilst a mile further on at the top of the Dale, you will find the George Inn at Hubberholme and the White Lion at Cray.

Heading south, three miles from the barn, The Gamekeeper's Inn is located within the grounds of Long Ashes Park, in Threshfield, there's the Old Hall Inn and a mile on the popular village of Grassington is home to Grassington House, the Black Horse, the Foresters Arms and the Devonshire Hotel.

Back across the river, go left at the Fire Station to the Fountaine at Linton, the Red Lion at Burnsall and then onto Appletreewick to the Craven Arms and the New Inn.

### Cafes & Tea Rooms

The nearest café can be found at Kilnsey Park, 10 minutes back down the road past the Tennant Arms. There is one tea room in Kettlewell along with a fabulous new deli and numerous others in Grassington.

### Takeaways

There is a fish and chip shop and an Indian Takeaway in Grassington, whilst the majority of the local pubs offer takeaway fish and chips, pizzas etc.

### **Local Attractions**

There is an abundance of attractions in around Kilnsey, all within easy reach of Skirfare Barn; walking, cycling, climbing, caving, fishing, pony trekking, swimming, rugby, and much more. Upper Wharfedale has it all!

Kilnsey is situated right at the very heart of the Yorkshire Dales National Park so there is easy access to numerous walks (including the Dales Way and Inn Way) and cycle routes (including the Tour de France and Tour de Yorkshire).

Visit Malham with its famous Cove and Gordale Scar, Wensleydale for Middleham Castle, the Wensleydale Creamery and the Wensleydale Railway at Hawes, Nidderdale for Stump Cross Caverns, How Stean Gorge and Brimham Rocks.

How about a trip over to Ribbleshead Viaduct and the dramatic Settle Carlisle Railway? Don't forget to call in at Ay.

The market town of Skipton has a famous castle, a lively market, canal trips, lots of excellent shopping. The vibrant town of Ilkley is a little over 30 minutes drive away; a visit to the famous Cow and Calf Rocks and Ilkley Moor is must and where the Yorkshire National Anthem "On Ilkla Moor Baht 'at" was composed.

Closer to home is Grassington, a lively small bustling town considered the "Jewel of Wharfedale", only a 10 minute drive from the barn. A walk around the impressive lead mine remains is well worth considering, whilst Linton Falls is a sight to behold.

Just around the corner in the other direction, wander around the beautiful village of Kettlewell, home to the famous scarecrow festival and three pubs.

Right on your doorstep is the Kilnsey Park Estate just before the Tennant Arms, with its Trout Farm for fishing, children's Adventure Trail and playground, gift shop and cafe, the Kilnsey Trekking and Riding Centre in Conistone over the bridge, whilst Long Ashes Park, a few miles down the road towards Threshfield offers, swimming pool, gym and spa facilities, with days guests more than welcome.

### Local Attractions (Continued)

If river fishing is your thing, you are spoilt for choice. Buy permits for the Wharfe (at the bottom of the garden) from the Tennant Arms and the Skirfare (around the corner at the bridge) from the Falcon at Arncliffe.

For sports fans, Wharfedale Rugby Union Club is one of the most progressive in the north; they play their home games in National League Two North at "The Avenue" in Threshfield. A little further away football fans can see Bradford City at Valley Parade or Burnley at Turf Moor in around an hour by car.

### Festivals, Galas and Fetes

Grassington is renowned for its festivals, boasting four every year. Starting in June with the Grassington Festival is a celebration of music and arts in the Yorkshire Dales, with many famous names and acts in attendance every year.

In mid September, there's the famous 1940s Weekend, during the second weekend in November, the popular Wharfedale Beer & Music Festival fills the coffers of local good causes at the "Town Hall" whilst the legendary Dickensian Festival and Christmas Market spans three weekends from the end of November.

Nearby, Buckden Gala kicks off the local country fair programme in June, Littondale Fete, Burnsall Feast Sports and Hebden Sports all take place in August, before the Yorkshire Dales' foremost agricultural event, The Kilnsey Show on the Tuesday immediately after the August Bank Holiday Monday.

Showcasing life and farming in the Dales, notably the breeding of livestock, along with crafts and rural traditions, Kilnsey Show is a great day out for young and old.

Sandwiched in between, usually starting on the second weekend of August for eight days, Kettlewell Scarecrow, having recently celebrated its 25<sup>th</sup> anniversary, is a real crowd pleaser, with a different theme every year for adults and children.

For more information about any of these attractions and events, just enter them into a search engine, or pick up a leaflet from the foyer.

### Fire Risk Assessment (Continued)

- 1.2 Activities that might cause a fire, including work processes/procedures etc
- Risk from cooking - but not more than normal.
  - Children playing with matches - no matches are provided .
  - Candles – are not provided and are not allowed on the property.
  - Smoking - Smoking is not permitted on the premises.
  - Barbeques. A masonry barbeque is provided in the garden area outside the building for guest use. Should visitors choose to bring their own barbeque, it should be placed safely in the patio area outside the building, well away from the door. Barbecues are not to be left unattended and charcoals should be disposed of responsibly.

Each of the above depends on care exercised by visitors.

#### Step 2 - Identify Persons at Risk

- Visitors to the bunk barn, including children and the elderly. The barn is equipped for twenty guests.
- Anybody performing domestic work or with access to the barn for maintenance.

#### Step 3 – Reduce and Minimise the Risks

##### 3.1 Fire alarm and fire detection

The barn has a professionally fitted and serviced hard wired, with battery back up, smoke and heat detection system and the alarm is automatic and tested monthly. The alarm is in the foyer on the wall to the right of the stairs as you enter the building. This should not be touched during normal operation. There is potential for false alarms. If the alarm sounds and if you are certain that no fire exists, then you will need to reset the alarm by following the instructions next to the system.

**Guests should appoint a person to be responsible for all fire issues** at the start of their stay at the barn and familiarise themselves with all fire safety related equipment, and evacuation procedure notices which are located throughout the building.
